

LIEAP

Low Income Energy Assistance Program or LIEAP provides a one-time annual vendor payment to help eligible families pay their heating expense.

Individuals will need to provide names, dates of birth and social security numbers for all household members; verification of income for prior month and information about their heating provider (name of company, account number, etc.).

Applications begin each December for eligible households that include a member age 60 and over. Applications for all other eligible households begins in January. Last day to take applications is March 31st unless funds are exhausted prior to this date. Applications are taken on a first-come, first-serve basis during regular office hours Monday through Friday from 8am to 5pm. Financial guidelines and eligibility criteria are subject to change.
